NOVELTIES

IN FLOWER SEEDS

ANTIRRHINUM MAJUS GRANDIFLORUM

"Pink Beauty."

A deep rose pink self, enormous spikes of flowers, individual blooms, exceptionally large, a most vigorous grower. Per pkt., 25c.

ANTIRRHINUM MAJUS GRANDIFLORUM

"Cerise King."

Cerise pink, white throat and white lip, flowers very large, borne on fine long robust spikes; very showy. Per pkt., 25c.

ANTIRRHINUM NANUM

"Spitfire."

A very bright orange-scarlet self, the brightest color in this class yet offered. The plants are of fine compact habit, and free flowering. Per pkt., 50c.

ANTIRRHINUM NANUM GRANDIFLORUM

"Captivation."

A charming rich chamois shaded pink, a unique color. Very large flower, fine spike, free flowering. A perfect gem in Antirrhinums. Per pkt., 50c.

Collection, 1 pkt. each of the above 9 new varieties Antirrhinums, \$2.50.

COSMOS

Giant "Blush Queen."

A very large flowered and early variety of quite a new type. The height of the plant is 3 to 4 feet, and the large graceful flowers, borne on long stems, make it an excellent variety for cutting. It is very free flowering. The color is a very beautiful blush, flaked with a rosy lilac tint, deepening toward the center. A very charming combination and most effective. Per pkt., 25c.; 5 pkts. for \$1.00.

ANTIRRHINUM NANUM GRANDIFLORUM

"Attraction."

A beautiful bright carmine with white throat and prominent white lip. Large flower, very attractive. Per pkt., 25c.

ANTIRRHINUM NANUM

"Magpie."

White suffused crimson lake, with large crimson lake blotch. Very free flowering, most effective. Per pkt., 25c.

ANTIRRHINUM NANUM

"Electra."

A beautiful salmon maize, and orange. The plants are of distinct habit with fine long spikes. An ideal bedder. Per pkt., 25c.

ANTIRRHINUM NANUM GRANDIFLORUM

"Wild Rose."

A new and distinct combination of colors, fine light pink with white throat, yellow center; this latter giving the flower a most attractive appearance. Very free flowering. Per pkt., 50c.

ANTIRRHINUM NANUM GRANDIFLORUM

"Golden Beauty."

Fine rich golden yellow, very large flowers. The plants are of good habit, throwing large sturdy spikes of bloom. A great advance. Per pkt., 25c.

COSMOS

New Giant Hybrids.

A new and much improved strain of the early flowering Cosmos. The flowers are larger than the old type, freer blooming and considerably earlier. Height, 3 to 4 feet. The colors range from crimson, deep rose, pale rose, blush and white. Per pkt., 25c.; 5 pkts. for \$1.00.

Novelties for Season 1916.—Continued.

DELPHINIUM

"Blue Butterfly" (Improved).

This charming rich blue annual, although popular for some years, has lacked one quality, viz., size of flower. To remedy this we have been selecting and improving it since it was first introduced, and in this new selection our customers will find a great improvement both in size and color and habit of plant. Per pkt., 25c.

PRIMULA

"Malacoides Superba."

A new and improved variety, flowers larger and much deeper in color than the old Malacoides. The color is deep rosy pink, a great improvement. The habit of the plant is also better than the old variety. A first-class plant for greenhouse decoration during winter. Per pkt., 50c.

INULA

"Golden Beauty."

A new and distinct variety of Inula. The flowers are clear golden yellow, 2 or 3 inches in diameter, borne on long slender stems, making it most useful for cutting. The plants grow to a height of 1½ to 2 feet. Per pkt., 50c.

NEW ESCHSCHOLTZIA

"Orange King."

In this new selection of Eschscholtzia we claim to have a variety producing the largest flower of any yet introduced, the flowers measuring 2½ to 3 inches in diameter. The flower is of a deep orange yellow color. A most vigorous grower. Per pkt., 25c.

SUNFLOWER DWARF

"Sunlight."

A new and distinct variety, growing to a height of about 2 feet. The plants are of strong growth and larger flowered than the ordinary Miniature. Flowers, golden yellow with dark center, single cactus flowered, dwarf bushy habit. Very free flowering. Per pkt., 25c.

SCHIZANTHUS GRANDIFLORA HYBRIDS

Rose and Amber Shades.

Quite a new strain of pink and rose tints, mostly heavily blotched gold and bronze, but also contains some very delicate and pleasing self pinks. Per pkt., 50c.

SCHIZANTHUS WISETONENIS HYBRIDS

Hurst's Monarch Strain.

One of the finest strains of large flowered hybrids in existence, embracing a wide range of colors, from almost pure white through delicate shades of pink to bright rose and crimson, also exquisite mauve and lavender tints, many beautifully blotched and pencilled various darker shades, including bronze and chocolate. Fine compact habit. Per pkt., 50c.

SWEET PEA NOVELTIES FOR 1916

SWEET PEA

"Blue Gem."

For many years the aim of the Sweet Pea lover has been to get a variety of a true, clear blue color, free from the reddish and mauve tint so common in the standards of other existing blue varieties. This new variety we claim to be almost, if not quite, free from this—a beautiful clear mid-blue. The flowers are of good size, true Spencer form, throwing fours freely. The plant is of strong constitution and free flowering. Per pkt., 25c.

SWEET PEA

"The Lady Eveline."

(Malcolm.)

A grand new rosy mauve, for all purposes ideal. It is bound to be the mauve of the show bench. Its great size and lovely color are enhanced by the perfect placing of the flowers, which are duplex in character. No variety equals it for a massive vase. It resists bad weather, and four-bloomed sprays are common. For garden decoration the rows or clumps are covered with huge blooms, and growers are recommended not to plant out too thickly. Pkt., 50c.

SWEET PEA

"Constance Acomb."

Creamy white, suffused delicate mauve, with buds opening deep cream and wire-edged mauve. A strong grower with long stems, carrying four well-placed flowers, waved and very effective in the bunch. Per pkt., 25c.

SWEET PEA

"Lord Fisher."
(Holmes.)

A rich, red maroon, without a tinge of purple shade in wings or keel. A strong grower, giving four flowers to a stem, well placed and of full exhibition size. Distinct from any variety in commerce. Per pkt., 50c.

SWEET PEA

"Hilary Christie."

Beautiful and distinct novelty. Color, standard salmon orange, edged with fiery orange-scarlet, wings rosy salmon. Most decorative, strong grower, good size and form. Per pkt. of 20 seeds, 25c.

Sweet Pea Novelties for 1916.—Continued.

SWEET PEA

"The President."
(Dickson.)

The name given this magnificent novelty is most appropriate, as among orange-scarlet Sweet Peas it undoubtedly takes top place. The intensely rich and dazzling orange-scarlet color of the flower equals in brilliance the Oriental Poppy. The plant is very robust, producing freely flower stems 16 to 18 inches long, carrying four perfectly placed flowers of largest size and true Spencer form.

Both for exhibition and garden decoration, "The President" is the most striking and valuable addition to Sweet Peas that has been offered in recent years. Per pkt., 50c.

SWEET PEA

"Jean Ireland."
(Dobbie.)

A large flower of great refinement. The color is creamy buff, the fine broad standard and wings being beautifully edged and shaded with carmine rose. This variety will certainly take first place in the picotee-edged (cream ground) section. It is a fine free grower, and gives abundance of four-bloom sprays fitted for the keenest competition or the most artistic table decoration. Per pkt., 25c.

"The Novelty Collection" of Sweet Peas, containing 1 pkt. each of the 10 varieties, \$3.00; two collections, \$5.50.

For complete list of Sweet Peas, see pages 41, 42, 43 and 70 in 1916 Spring Catalogue.

All 1916 Novelties sent out in original packets.

SWEET PEA

"Fiery Cross."

"Fiery Cross" has all the appearance of live fire, the color being a scorching fire-red, or scarlet, without any shading and which scintillates and glitters in bright sunlight, thus adding a glowing fire-like sheen, which radiates over the flower. Unlike most of the orange-scarlet varieties, it does not scorch or burn even during extended periods of intense sunshine; therefore it can be grown in all soils without shading. The beautifully waved and fluted flowers are borne freely in threes and fours, well placed on long stout stems.

Awarded Silver Medal, N. S. P. S., 1915. Per pkt., 25c.

SWEET PEA

"Mrs. E. A. Tanqueray."

Beautiful salmon cerise, very brilliant color, sunproof and quite distinct. The flowers are large, and produce many with four blooms to a stem. Per pkt., 25c.

SWEET PEA

"White Perfection."

An extra large white, of good substance, strong grower, flowers exceptionally waved. Throws fours freely, and in some cases five and six flowers to a stem. A really good white variety. Per pkt., 50c.

BRACHYCOME IBERIDIFOLIA

"BLUE GEM"

The lovely new variety of Brachycome, or Swan River Daisy, will, we have no doubt, be welcomed. The Cactus-shaped flowers are of a beautiful clear lavender blue, with a white zone. It is very free flowering, and much more compact than the original variety. Per pkt., 25c.

New CALLIOPSIS Tom Thumb

"STAR OF FIRE"

The plant is one foot in height, a mass of bloom, with Cactus-shaped, fiery red-colored flowers, brighter than any Calliopsis previously introduced. Per pkt., 25c.

New CHRYSANTHEMUM Leucanthemum

"THE GEM"

The habit of this beautiful, new variety of Chrysanthemum is dwarf, very free flowering, with very fine foliage, much more so than any known variety of C. Leucanthemum yet offered. The height of the plant is 15 to 18 inches, very even in growth, exceptionally early. Color, pure white, coming into bloom evenly, giving the plant a very effective appearance. This valuable new addition to the hardy Chrysanthemums will be very useful, not only for cutting, but for herbaceous borders. The individual flowers are of finer texture and more uniform in shape than any other variety. The blooms are borne on long, slender stems. Per pkt., 50c.

New GODETIA Nana Compacta

"ROSY GEM"

A beautiful, pale, rosy pink. The habit of the plant is compact and very free flowering. A charming bedding variety. Per pkt., 25c.
